flexible solutions for your business needs

APPLICATION MANAGEMENT

At zeitchick BY DESIGN, we will develop the custom software needed to manage all aspects of your business environment. Because you are designing the requirements yourself, you are ensuring the management tools are the perfect fit to your needs.

ENTERPRISE MANAGEMENT

With the right mix of management tools, all working together, we can ensure a smooth operating management system designed to handle all areas of your business. Each system will be developed to integrate with one another, allowing for a harmony of data exchange within the systems.

CUSTOM SOLUTIONS

Software to run your day to day functions are built to specification and integrated with one another.

WEB SOLUTIONS

Website development is crucial to obtaining new business and keeping in contact with existing customers. Your website will run in harmony with your backend office software creating one enterprise solution for all of your business needs.

EBUSINESS SOLUTIONS

We specialize in electronic solutions, from electronic data interchange between trading partners to electronic statements and more.
